From the Desk of Leadership

Mr. B.R. Choudhary (Founder & Director)

"Our classrooms are filled with exciting activities and engaging learning materials to make learning fun."

At Aardi International School, your child will join other enthusiastic learners for an enjoyable experience every school day. We run a blend of the Montessori method at the preschool level, paying great attention to every child's specific developmental need. We believe in personalized education – ensuring that no child is left behind. Beyond standard subjects, we engage children in co-curricular activities like Chess, Taekwondo, Dance, Music, and Leadership Club for holistic development.

Mrs. Indu Pandey (Principal)

"The aim of education is to teach us how to think, not what to think, but to improve our brain so that we are able to think for ourselves."

Aardi International School provides a broad and global outlook to children so that they are mentally, physically and emotionally prepared to face tough competition in every sphere of life. Apart from academic excellence and intellectual development, we strive to enhance the overall personality of the child and help them discover their hidden talents. We are proud of our teachers who show tireless efforts as equal partners in this beautiful journey.
